Commemorative Engraved Bricks

For the past 2 years, the Gadsden Pacific Division, Toy Train Operating Museum has been very busy constructing a new and very exciting, 1/8th scale railroad that is large enough to be ridden upon. We celebrated the initial completion of the mainline loop with our interpretation of the "Golden Spike" ceremony on December 1, 2012. This celebration kicked off a major fundraising effort for the Museum with a goal of \$30,000 to help finance various improvements to the Museum property including the purchase of safe and appropriate equipment needed to provide public rides on the new railroad. Now five months into this fundraising effort, we are pleased to announce that we have raised nearly 1/3 of our goal amount but much more is needed.

We are beginning the 2nd phase of this fundraising effort which involves the construction of a brick walkway that will access a new Station Platform where the public will be able to gather to wait and board a public train for future planned rides. The initial placement of bricks have been set and we are now able to offer "**Commemorative Engraved Bricks**" to anyone wishing to become a permanent part of this project.

Your message that would be engraved on your brick could be your family name, your business name, your organization name, or you may choose to engrave a brick in honor of a special loved one's memory, or any other appropriate, non-controversial message you wish to convey.

Please complete this order form and return it in the enclosed envelope with your check payable to the GPD TTOM or by making payment in person using a credit card at the Museum Gift Shop.
